## Overview

Effective July 1, 2007, individuals who desire to become registered as Principal Managers or Loan Originators must pass an assessment prior to a certificate of registration being issued, pursuant to Indiana Code § 23-2-5-5(d).

The Indiana Secretary of State, Securities Division (Division) has contracted with Performance Assessment Network (**pan**) to administer the Principal Manager and Loan Originator registration assessment program.

As an applicant, before scheduling an appointment to take the assessment, you should read this Candidate Guide in its entirety to ensure you completely understand the steps to successfully complete the registration process. This Guide contains assessment content outlines and important information regarding the testing process.

As an applicant for registration, you must demonstrate a minimum knowledge of the mortgage industry and both federal and state loan brokering statutes and regulations by passing the required assessment. Different assessments will be given to those applying for registration as a Principal Manager and those applying for registration as a Loan Originator.
